

PLACEMENT PREPARATION PORTAL

August 15, 2020

1 Files to be added/replaced:

- config.php
- login.php
- logout.php
- preparation.sql // Database Updated – Added ‘level’ attribute to **student** table

In config.php replace **rookie** with your **database-username**, **newrecruit** with your **database-password** and **preparation** with your **database-name**.

2 Pages and their required access level:

Pages	Level
Bookmark_List.php Experience.php Experience_List.php Experience_Sharing.php Home.php Question.php Question_List.php	student
Question_Sharing.php	admin
Approve.php Company.php Company_Edit.php Question_Approval	super

3 Code to be added:

3.1 In “student” level pages:

```
<?php
    include('includes/header.php');

    // Initialize the session
    session_start();

    // Check if the user is logged in, if not then redirect
    him to login page
    if(!isset($_SESSION["loggedin"]) || $_SESSION["loggedin"]
        !== true) {
        header("location: login.php");
        exit;
    }
    else if($_SESSION["level"] !== "student") {
        die("You are not authorized to access this page !!");
        exit;
    }
?>
```

3.2 In “admin” level pages:

```
<?php
    include('includes/header.php');

    // Initialize the session
    session_start();

    // Check if the user is logged in, if not then redirect
    him to login page
    if(!isset($_SESSION["loggedin"]) || $_SESSION["loggedin"]
        !== true) {
        header("location: login.php");
        exit;
    }
    else if($_SESSION["level"] !== "admin") {
        die("You are not authorized to access this page !!");
        exit;
    }
?>
```

3.3 In “super” level pages:

```
<?php
    include('includes/header.php');

    // Initialize the session
    session_start();

    // Check if the user is logged in, if not then redirect
    him to login page
    if(!isset($_SESSION["loggedin"]) || $_SESSION["loggedin"]
        !== true) {
        header("location: login.php");
        exit;
    }
    else if($_SESSION["level"] !== "super") {
        die("You are not authorized to access this page !!");
        exit;
    }
?>
```

NOTE: Put the above mentioned codes at the starting of your pages. Also note that header.php is already included.

4 Accounts with their privilege levels in the updated database:

Username	Password	Level
alpha	alpha	super
bravo	bravo	admin
charlie	charlie	student
delta	delta	
echo	echo	
foxtrot	foxtrot	
golf	foxtrot
